## Racers

### Your smartphone is more than your tracker

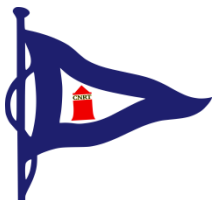

Join organized regatta events worldwide. See the racecourse on your device. Any changes in buoy positions along the race track become visible for all racers in real time.

Get instant messages from the organizers and the Race Committee.

In case use the Emergency call function with GPS position log. The organizers will see the position where you started the call.

Keep practicing and use the individual sports tracker function with **Self-Tracking**. In addition, set up small sailing events and invite your friends to participate.
